Preface

The publishers herewith submit the XXV Annual Edition of their City of Winnipeg Directory. The work has been carefully done, and we trust will meet with the approbation of our subscribers. Our last year's City Directory contained 18,127 addresses, this year's 21,371. Our agents found fewer vacant premises than in any former year. In the following pages will be found statistics showing the city's progress in building, banking, postal, education, etc.

We have much pleasure in calling attention to the new features we have added this year. Our aim is to have the Winnipeg Directory second to none in Canada. We have the facilities and experience to do it and look to the business community to do their share.

In your own interest as well as ours, see that our name is on the order before signing. We do not make promises in advance of publication what we will do, but can assure our patrons that we will do in the future as we have done in the past, give them the best book possible for the patronage we have.

We would call the attention of our patrons to the classified portion of the Directory, where the various lines of business are classified under the different lines.

Thanking our patrons who have given us their liberal financial support, we confidently place this year's Directory before them, feeling confident that it is second to no other work of its kind.

Yours Respectfully,

HENDERSON PUB. CO. (Ltd. Lty.)

City of Winnipeg

POPULATION.

There has been a substantial increase in the population of Winnipeg during the past year, as is shown by the increase in the number of names in the Directory.

This volume has 19,557 individual names (exclusive of names of firms and companies), an increase of 2,939 over last year, which indicates an increase of about 9,000 in population.

We give below a table showing the number of names in the Directory for the past five years, also for the years 1881, 1891, 1901.

We do not pretend to take a census of the City every year, but base our calculations on the number of names in the Directory each year. Each city using a different multiplier, varying from 2 7-8 to 4, the low multiplier being used in cities where the names of domestics are inserted in the Directory. Our estimate is based on multiplying by 3¼, which we consider about right for this city.

Year.	Individual Names.	Firms or Companies.	Total Addresses.	Estimated Population.
1899	14,001	1,048	15,049	46,070
1900	15,151	1,324	16,475	50,503
1901	16,033	1,509	17,542	52,443

The Company will lend money without interest to build a home, to buy a farm or to lift a mortgage, and will give sixteen years and eight months in which to pay it back, or should the borrower die before his debt is paid his heirs will receive a clear title.

The annual cost of the loan, including the insurance feature, is six dollars on each one thousand dollars contracted for. Please investigate and profit by it.

All-Wool Mica Roofing.

Manufactured in Canada especially to withstand the severe contraction of the frost. American paper roofing is a failure in this respect. Eleven years' experience has established the enduring quality of the All-Wool Mica Roofing. It is perfectly wind, water and fire proof. It is economy to use the best roofing. Send for samples and booklet.

W. G. Fonseca, Esq. Winnipeg, July 19th, 1901.

Dear Sir—I have no hesitation in stating that the "All Wool Mica Roofing" handled by you is a first-class material. Our new office at the mill, engine house and roof over the new engine at the mill, have all been roofed with this material and has given good satisfaction.

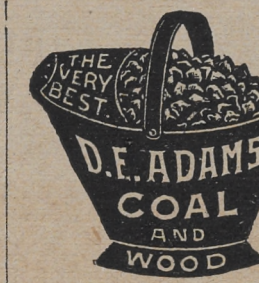

(Signed) W. W. OGILVIE MILLING CO.
